

Cointopay International B.V. Crypto Payment Provider you can trust

Cointopay Wordpress Integration RC2

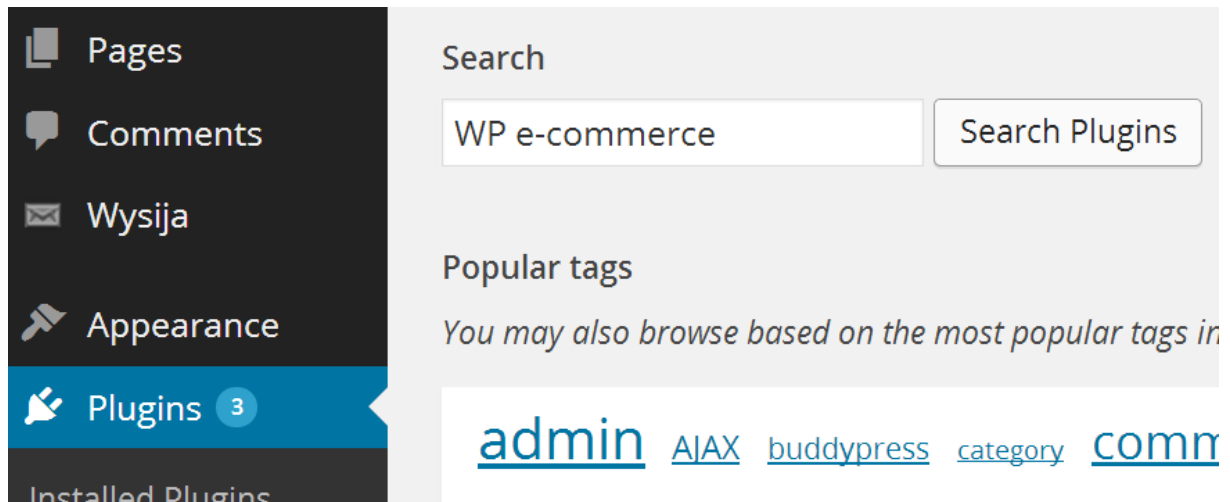

Step 1) Login to WordPress Admin Panel > Add New Plugins

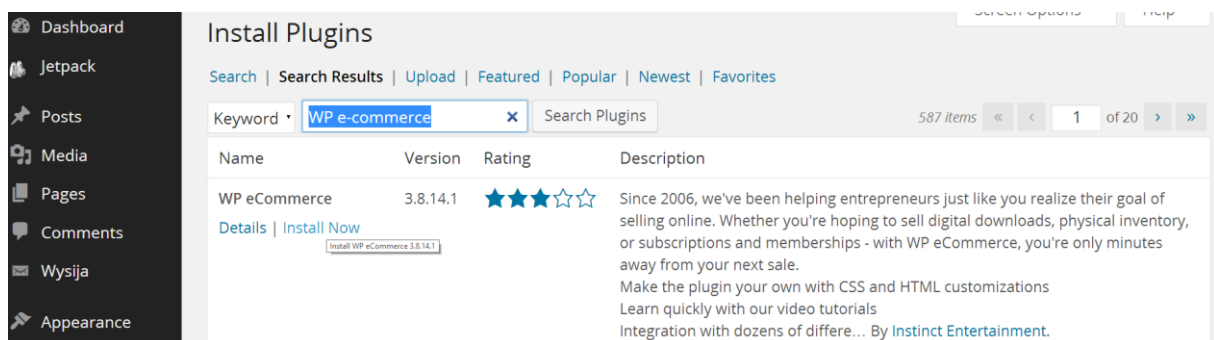

Cointopay International B.V. Crypto Payment Provider you can trust

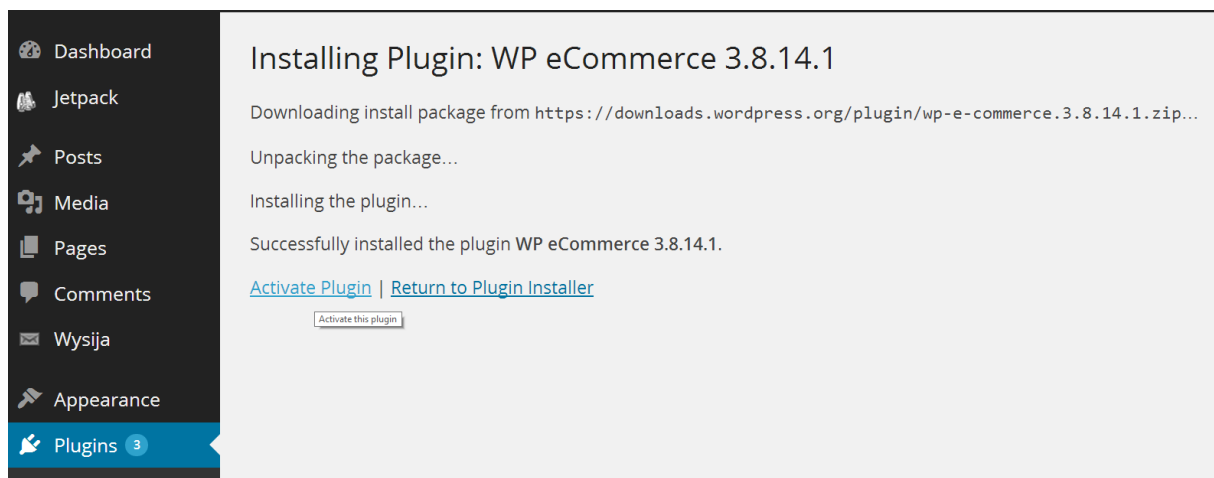

Step 2) Search for “WP e-commerce”

Step 3) Search result needs to look like below. Click “Install Now” link

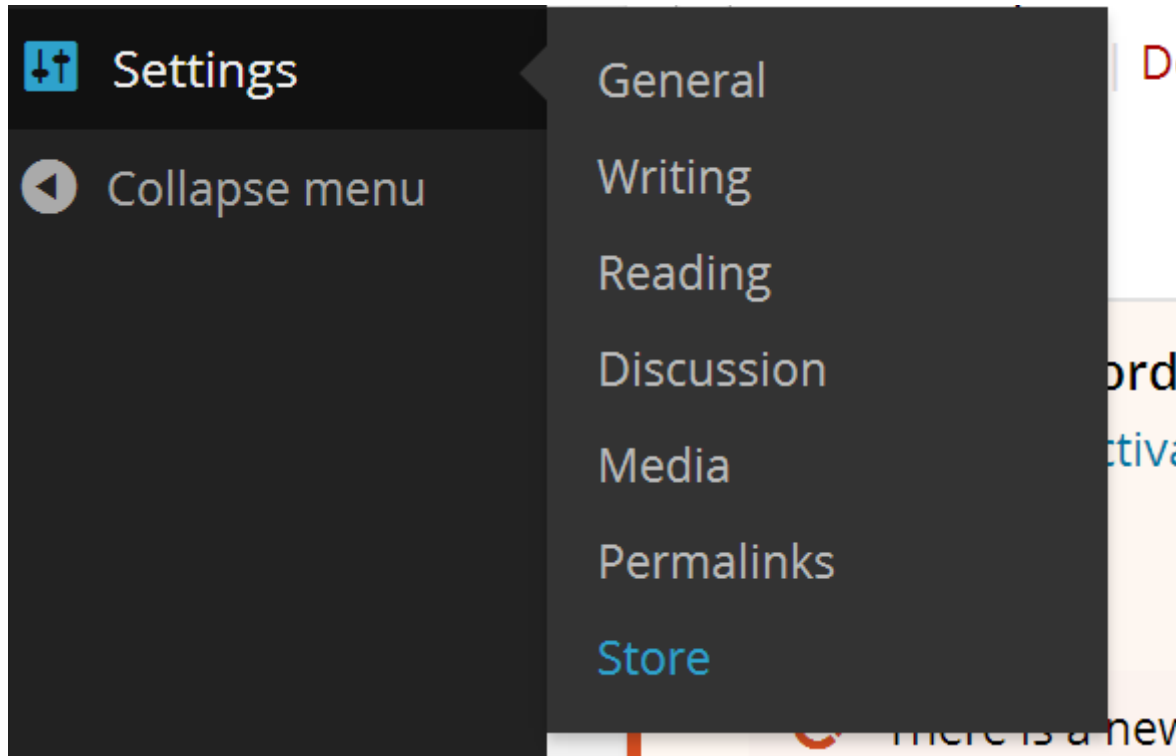

Step 4) Install the plugin and click “Activate Plugin”

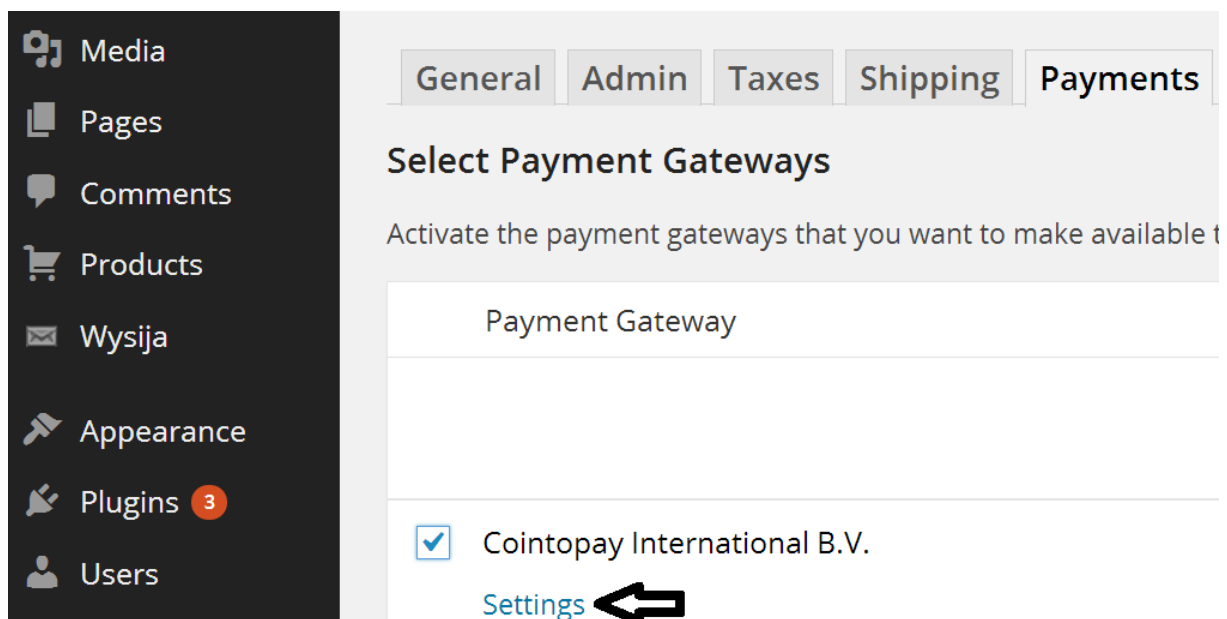

Cointopay International B.V. Crypto Payment Provider you can trust

MOST IMPORTANT STEP: Place the cointopay folder and cointopay.merchant.php into your WordPress folder via e.g. FTP at <WP install folder>/wp-content/plugins/wp-e-commerce/wpsc-merchants/

Step 5) Go to Settings and Store

Step 6) In tab Payments you need to Select “Cointopay International B.V.” and Click Settings

Cointopay International B.V. Crypto Payment Provider you can trust

Step 7) Enter the Display Name, this is the name that can be selected as Payment Option by the customer. API key can be found at cointopay.com under Account. Default Crypto Coin you want customers to check out with. Click Update.

☒ Cointopay International B.V.
[Settings](#)

Display Name
The text that people see when making a purchase.

API key
Get this at cointopay.com under Account.

Default Crypto Coin
Default crypto coin selected at checkout.

Step 8) Under General Tab Select either currency type: US Dollar, Any EURO Country, China or United Kingdom, since we can only convert from those currencies to Bitcoin, Litecoin or Darkcoin at this stage.

Store
Collapse menu

Use Hierarchical Product Category URL ☐ Yes ☒ No
*When Hierarchical Product Category URL is enabled, parent product category URL is used in the product URL.
For example: `http://example.com/products-page/parent-cat/sub-cat/`*
